

How to Install “XiiaLive & ServeStream” APPs on Your Android to play Radio Ananda

Install and Setup App:

- Install App from Play Store
- Go to radioananda.com using the default “Internet Browser” (Chrome, etc., doesn’t seem to work)
- Click the Play button
- Window should pop up
- Select Xiia Live or ServeStream as the default app
- Enjoy music :)
- Add channel to Favorites

Alternate (manual) install and setup method:

If the “Play” button from the website does not automatically bring up the app option, then manually add the stream URL.

- Open app
- Tap “Add URL”
- In the text box type: `http://66.55.88.156:8048/stream`
