

## **Course Evaluation**

What did you like about the course? Please be specific about what worked for you and how it might be improved. Consider different elements such as: Overall flow, individual classes, presentation of material, Power Point slides, packets, homework assignments, and other specific areas that occur to you.

**Over**

What didn't work for you? Again, please be specific. Let us know why it didn't work and whether it should be eliminated or how and why it could be improved.
